

Examples of PPE needed:

N95 Respirators/Face Masks

- Disposable or washable surgical masks, dust masks, or other that cover the mouth and nose. These also should have elastic loops that fit over the ears or tie behind the head.

Disposable and Washable Gowns

- These ideally would have full coverage of trunk, arms, and upper legs.

Eye Protection

- Goggles that fully cover the eyes along with the side of the face as well and face shields that cover the entire face.

Gloves

- Disposable gloves in multiple sizes.
Non-latex options needed.
Box must be sealed and unopened to be accepted.
- White cloth gloves are not acceptable for this purpose.
